Subject: Dominion Energy - Gas Supply Communication - Balancing Restriction effective January 28, 2023 until further notice

The following restriction, as provided for in Dominion Energy's Utah Natural Gas Tariff (Utah Tariff) and Dominion Energy's Wyoming Natural Gas Tariff (Wyoming Tariff) Section 5.06, is required due to forecasted colder-than-normal temperatures:

January 28, 2023 until further notice:

A transportation customer's usage must not exceed supply by more than a 0% tolerance, i.e. no drafting

Imbalance payback should not be nominated, unless approved by Dominion Energy's Gas Supply personnel on a case-by-case basis.

After aggregation of imbalances at an agent level, and after the allowed trading period, penalties as outlined in the Utah and Wyoming Tariffs will be assessed for those imbalances remaining outside of the balancing tolerance outlined above.

Penalty Calculation as outlined in the Utah and Wyoming Tariffs:

(A) balancing penalty will be assessed of the greater of \$1.00/Dth or the absolute value of the difference between the monthly market index price and the gas daily market index price as defined in the glossary plus \$0.25/Dth.

Please let me know if you have any questions. Thank you for your attention in this matter.

Thanks,

Steve Wall
