Notice Text:

As a reminder, in response to high line pack conditions on Kern River Pipeline, Southwest Gas Corporation (Southwest) has issued a Hold Burn to Scheduled Quantities for Southern Nevada transportation customers.

Southwest requires all transportation customers to match or nominate less gas than projected usage. If conditions do not improve, an Operational Flow Order may be declared, resulting in a reduced tolerance window.

If you have any questions concerning this information, please contact your gas scheduling representative or your Industrial Gas Engineer.
