**Subject:** COLD WEATHER OFO

With the extreme cold temperatures forecasted and interstate pipeline restrictions, Ameren Illinois is declaring a system-wide Operational Flow Order (OFO) effective gas days Friday, January 23 through Tuesday, January 27. This notification is provided in accordance with Rider T – Transportation Service. Note that OFO Balancing eliminates withdrawals from banks and implements higher than normal cash out charges as described in Rider T. Additional deliveries of supply are encouraged to minimize the impact to customers. We appreciate your efforts to help maintain reliable system deliveries during the extreme cold weather.
