Subject: Michigan Gas Utilities Natural Gas High Flow Constraint – Start Event

Dear Customer,

This is your official notification that Michigan Gas Utilities (MGU) has declared a High Flow Constraint that will begin at 10:00 AM ET on Saturday, 01/17/2026 and will continue until further notice.

This action is in compliance with Tariff Sheet C-12.00 of MGU's Rate Book.

MGU requires that your confirmed nomination for the day or day(s) the Constraint is in effect match your daily consumption. Any volumes nominated that are not equal to or up to 10% greater than consumption are subject to the penalties and or charges described in Tariff Sheets C-12.02 and C-12.03 of MGU's Rate Book.

Tariff Sheets are located on **MGU's** website at [MGU Tariff Page](#)

You will receive official notification when the High Flow Constraint ends.

If you have questions, please call your Michigan Gas Utilities Sr. Account Manager Gregg Griffin at 269-605-2196.

Sincerely,

Michigan Gas Utilities
