
Pursuant to Black Hills/Nebraska Gas Utility Company, LLC d/b/a Black Hills Energy (“Black Hills Energy - Nebraska”) Aggregation Program Agreements for Nebraska Gas Rate Areas 1,2,3 is hereby requiring all Small Volume customers and/or their Marketers to deliver and confirm their Maximum Daily Quantity (“MDQ”) to the following levels:

Black Hills Energy - Nebraska downstream of Northern Natural Gas (“NNG”) Zone ABC and NGPL: 64%
Black Hills Energy - Nebraska downstream of TIGT : 58%

If the Customer fails to deliver its MDQ as required, the Company may assess a penalty to Customer for each Dekatherm the Customer fails to deliver in an amount equal to the highest daily penalty applicable to the Operational Flow Order or Critical Day, as defined by the upstream pipeline in its tariff or the penalty charged applicable to the quantity.

If Marketer makes notice to reduce loads or curtail customers, notice and contact information must be provided to Black Hills simultaneously at BHETransportationServices@blackhillscorp.com . Black Hills Energy expects Marketers to bring in supply to meet forecasted demand and requires Marketers to supply the greater of, forecasted load or the stated percentage of MDQ as noted.

If you have additional questions or comments, please call (800) 232-1850.
