Notice of Public Service Company of North Carolina Operational Flow Order

August 7, 2026

Dear Valued Customer,

Please be aware that Public Service Company of North Carolina ("PSNC") has issued a Operational Flow Order ("OFO") applicable to Symmetry's delivery of natural gas to you under our agreement, effective August 10 2026, and continuing until further notice

Information regarding the referenced OFO may be found on our website at <https://symmetryenergy.com/notices/>, which will be updated periodically.

Please note, while an OFO is in effect, both you and Symmetry are required to comply with the applicable provisions of the OFO. Failure to comply may result in the Transporter assessing imbalance penalties and/or other charges for which you may be responsible. Additionally, our agreement provides that Symmetry may charge you for incremental gas during an OFO period at market prices. Also be aware while the OFO is in effect, Symmetry will have no contractual duty or ability to credit or repurchase all or a portion of your natural gas contract quantities.

Penalties assessed by a Transporter can be substantial and we encourage you to monitor and manage your daily gas usage for the duration of the OFO.

It is critically important during the OFO that you inform us immediately of any plans to make significant operational changes, including meaningful alterations to your usage compared to your First of Month nominations. Symmetry is required to balance all gas receipts and deliveries during the OFO and must receive timely information from you regarding material changes in your gas usage.

Symmetry appreciates your compliance and prompt attention to this important matter and will endeavor to work with you to mitigate adverse impacts of the OFO.

Respectfully,

Symmetry Energy Solutions
